| Percentage: 77.3% | |
| Bachelor of Computer Applications (BCA) University of Engineering & Management, Kolkata | 2021 – 2024 |
| Percentage: 86.40% | |

INTERNSHIP

Web Development Intern

Omnisciento IT Consultancy Pvt. Ltd.

June 2025 – August 2025

- Developed a law-firm ERP system to manage clients, cases, and internal workflows using the MERN stack.
- Built and integrated REST APIs for core modules such as client records, case tracking, and user roles.
- Implemented authentication, CRUD operations, and backend validation logic.
- Collaborated with senior developers to debug production-like issues and stabilize features before release.
- Used Git and GitHub for version control, feature branching, and team collaboration.

PROJECTS

Smart Task App – Collaborative Project Management Tool

- Developed a full-stack Kanban-style task management application using React, Node.js, Express, and MongoDB.
- Implemented user authentication, project creation, task assignment, and status tracking.
- Designed a responsive UI supporting clear task flow across To Do, In Progress, and Done stages.
- Integrated real-time updates and team chat functionality using Socket.IO.

Face Recognition System with Real-Time Detection

- Built a face recognition system using Python and OpenCV.
- Implemented face detection and recognition pipelines using pre-trained deep learning models.
- Experimented with feature extraction and classification techniques to improve recognition accuracy.
- Gained practical exposure to computer vision workflows and model evaluation.

TECHNICAL SKILLS

- Programming Languages:** C, Java, JavaScript, Python, Spring Boot, Node.js
- Web Technologies:** HTML, CSS, Bootstrap, React
- Databases:** SQL, MongoDB
- Core Concepts:** Data Structures & Algorithms, Database Management Systems
- Tools:** Git, AWS, Jira
- Soft Skills:** Communication, Creativity, Analytical and Critical Thinking

EXTRA ACHIEVEMENTS

- Ranked among the top performers in the BCA program.
- Led a 4-member team to build a real-time academic project.
- Presented a seminar on 5G and Wireless Communication and participated in coding competitions.
- Took ownership of fixing production-like bugs during internship projects and delivered stable updates.
